

Resilience

The capacity to mentally, emotionally & physically recover quickly from a crisis or difficulty; toughness.

Resilience...

is a psyhological quality that allows some people to be knocked down by the adversities of life & come back at least as strong as before.

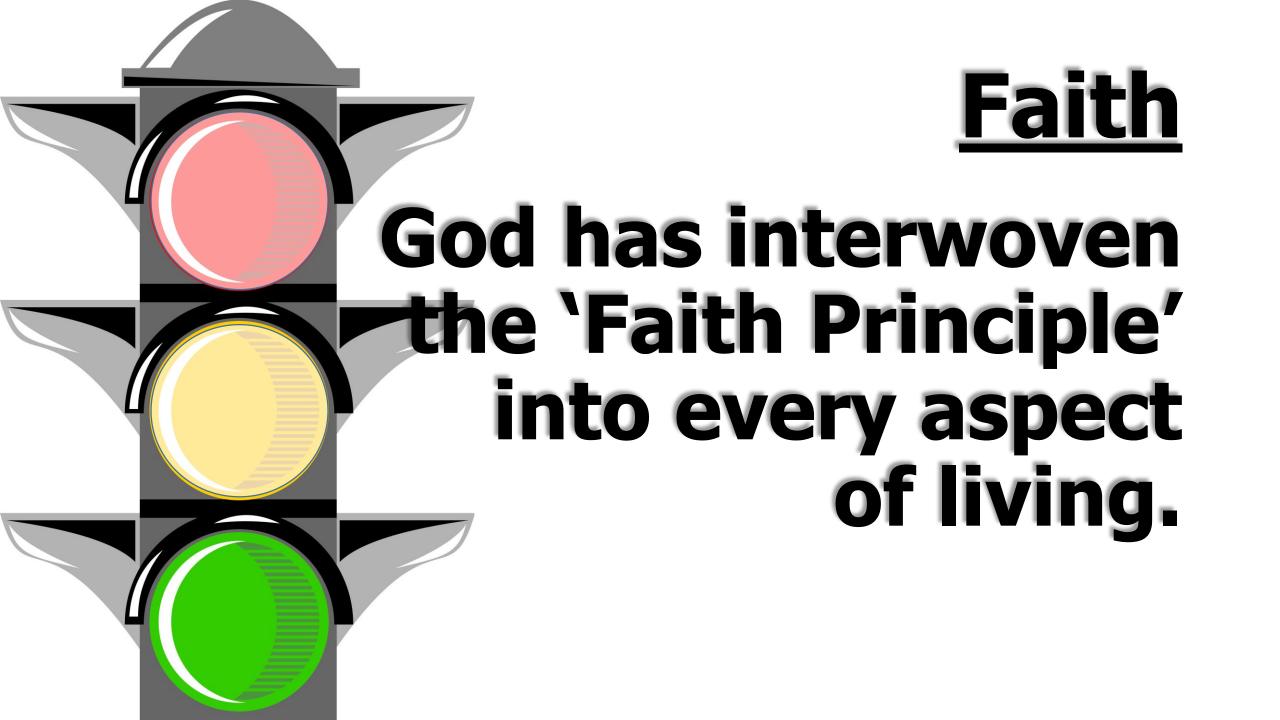

That is how the Lord rescued Israel from the hand of the Egyptians that day.

And the Israelites saw the bodies of the Egyptians washed up on the seashore.

When the people of Israel saw the mighty power that the Lord had unleashed against the Egyptians,

they were filled with awe before him. They put their faith in the Lord and in his servant Moses.

Faith has an accumulative quality to it; you utilize it, it grows & the growth remains ready to strengthen you at the next needed occasion.

Testing

God will TEST
your Faith;
so you can TRUST
your Faith!
