1. Describe the education you received in evolution.
2. In what ways did it affect your outlook toward God & Life?
3. How have you previously viewed the beginning of life?
4. One of the foundational principles that evolution builds upon is the necessity of a movement from chaos to complex. Reflect upon the world before you and around you, is that what naturally takes place? Explain.
5. Based on the evidence, do you believe it's reasonable to infer the existence of an Intelligent Designer?
6. Reflect for a moment; which theory of beginnings takes more faith?

The Beginnings

You're encouraged to write what God brings to you during today's message.

Word for The Week (NLT)

The heavens proclaim the glory of God. The skies display his craftsmanship. ² Day after day they continue to speak; night after night they make him known. **Psalms 19:1-2**

For ever since the world was created, people have seen the earth and sky. Through everything God made, they can clearly see his invisible qualities--his eternal power and divine nature. So they have no excuse for not knowing God.

Romans 1:20

By faith we understand that the entire universe was formed at God's command, that what we now see did not come from anything that can be seen. **Hebrews 11:3**

God created everything through him, and nothing was created except through him. **John 1:3**

Yet God has made everything beautiful for its own time. He has planted eternity in the human heart, but even so, people cannot see the whole scope of God's work from beginning to end. **Ecclesiastes 3:11**
