Warm Up: Share one of the biggest surprises or wows that has come into your life?

A1. Miracles lay outside the boundaries of natural science but do not contradict science, in part because they exist outside the natural – repeatable elements of scientific study. Reflect & Discuss.

2. If this statement is true, what implications are there for or against miracles?

3. What do you see as the struggle with miracles?

4. Obviously God didn't utilize Miracles to eliminate illness, negate suffering or change the laws he initiated. So, what purposes do miracles serve?

5. How has the reality of Miracles touched your faith and feelings?

6. How Big is Your God? Elaborate.

You're encouraged to write what God brings to you during today's message.

Word for The Week (NLT)

He alone is your God, the only one who is worthy of your praise, the one who has done these mighty miracles that you have seen with your own eyes. **Deuteronomy 10:21**

So each generation should set its hope anew on God, not forgetting his glorious miracles and obeying his commands. **Psalms 78:7**

Give thanks to him who alone does mighty miracles. His faithful love endures forever. **Psalms 136:4**

I will meditate on your majestic, glorious splendor and your wonderful miracles. **Psalms 145:5**

But I have a greater witness than John—my teachings and my miracles. The Father gave me these works to accomplish, and they prove that he sent me. **John 5:36**
